Another challenge relates to the Europe-wide trends of limited participation in democratic life and low levels of knowledge and awareness about European matters and their impact on the lives of all European citizens. Many people are reluctant, or face difficulties, in actively engaging and participating in their communities or in the European Union's political and social life. Strengthening European identity and the participation of young people in democratic processes is of paramount importance for the European Union's future. This issue can also be targeted through non-formal learning activities, which aim at enhancing the skills and competences of young people as well as their active citizenship.

As such, the Programme shall be a key instrument for building a European Education Area, supporting the implementation of the European strategic cooperation in the field of education and training, with its underlying sectoral agendas. Erasmus+ is the EU Programme in the fields of education, training, youth and sport for the period 2021-2027. Education, training, youth and sport are key areas that support citizens in their personal and professional development. High quality, inclusive education and training, as well as informal and non-formal learning, ultimately equip young people and participants of all ages with the qualifications and skills needed for their meaningful participation in democratic society, intercultural understanding and successful transition in the labour market. Building on the success of the programme in the period 2014-2020, Erasmus+ strengthens its efforts to increase the opportunities offered to more participants and to a wider range of organisations, focusing on its qualitative impact and contributing to more inclusive and cohesive, greener and digitally fit societies.

To increase the qualitative impact of its actions and ensure equal opportunities, the Programme will reach out more and better to people of different ages and from diverse cultural, social and economic backgrounds. It is at the heart of the Programme to come closer to those with fewer opportunities, including people with disabilities and migrants, as well as European Union citizens living in remote areas or facing socio-economic difficulties. In doing so, the Programme will also encourage its participants, in particular young people to engage and learn to participate in civic society, raising awareness about European Union common values.
